

# The Farm Report

A periodic Newsletter of the Bee  
Family Centennial Farm Museum

Spring 2011

## Web Site

One of our main projects this winter has been to create a new web site. Better organization and planning have gone into it along with the use of many pictures. Please check it out and let us know your comments. We would love to hear from you.

## Program for your Group

The financial committee has been working on material to present to potential donors. One of these is a presentation showing what the museum offers. If you are involved with a group that would like a presentation please let us know.

## Fundraising Letter

We had a good response to our December Fundraising Letter and are just \$340 of reaching our goal of \$4000. If you would still like to contribute, your support is always appreciated. We would like to thank all of you who did contribute by inviting you to our Friends and Contributor Appreciation Day on May 7th. Please see details below. You will be receiving an invitation in the mail.

## New Exhibits

We have added a couple more activities for children. They can learn to stack hay and measure their height in 'hands' like a horse is measured. If you haven't been to the farm in a couple of years please come check them out along with the other activities. They will enrich your children's experience at the farm museum.

## Volunteer

We are still looking for volunteers. Please see the web site for information or call 482-9168.

## Newsletter

If you know of anyone who would like to receive our newsletter please let us know or if you would no longer like to receive it please let us know as well.
